PowerPoint 2003 Specialist is a course that presents skills training and assessment for the skill sets that form the Microsoft Office PowerPoint 2003 Specialist exam. This course provides competency in creating and modifying presentations, and inserting and modifying objects, charts and tables. This course also provides competency in formatting, reviewing, delivering, customizing, animating and printing presentations; exporting presentations to Microsoft Word; and preparing presentations for delivery in different formats.

This e-learning course is suitable for self paced learning, distance learning and blended learning. This is an online training course and uses high quality multimedia with audio to fully engage the user.
